ABOUT ME

Enthusiastic Software Engineer with a strong passion for solving logical problems and building efficient, scalable digital solutions. Skilled in developing applications that solve real-world challenges while continuously enhancing technical expertise.

WORK EXPERIENCE

Junior Software Engineer
InApp Solution | Nov 2025 – Present
• Contributed to the Relyon Housekeeping and 4 Our Life React Native apps.
• Added push alerts using Notifee and added map tools for 4 Our Life.
• Built supervisor flows for checking tasks, approving or rejecting, and giving feedback.
• Improved speed, cleaned up the look, and fixed bugs in both apps.
• Working on HFTech by building user parts and main back-end parts.

Software Engineer Intern
InApp Solution | July 2025 – Nov 2025
• Supported mobile app building using React tools.
• Helped plan and build easy features with the team.
• Gained real-world experience in mobile app speed and system improvements.

Front-End Development Intern
InternnCraft | Aug 2024 – Oct 2024
• Helped create smooth and easy website pages.
• Added front-end parts using HTML, CSS, and JavaScript.
• Improved loading speed and made sure pages worked across browsers.
